

Severe Tests Encouraging to Bond Buyers

Our general circular for July discusses briefly the series of unfavorable incidents of the past several weeks, and the reasons for their comparatively slight effect upon the prices of good bonds; also the numerous favorable factors calculated to influence improvement in the future.

This circular also contains a well-diversified list of Municipal, Railroad and Public Utility issues available under these favorable circumstances for the investment needs of institutions, guardians, trustees and individuals.

Railroad Bonds

Information Comparisons

We have prepared a booklet on Railroad Bonds which gives in convenient form some of the principal factors regarding the bond issues of most of the principal railroads in this country. It also includes the income account, management, capitalization and other information of interest to investors.

We will be pleased to mail to investors a copy of Booklet No 209
